Re: Wallace Christensen
KLOH(AM), Pipestone, Minnesota
Facility Identification Number: 70737
File Number: BP-20080606AFG

Dear Mr. Christensen:

The staff has under consideration the above-captioned modification application, as amended on November 13, 2008, for broadcast station KLOH(AM), Pipestone, Minnesota.

On June, 28, 2010, the staff sent a deficiency letter requesting an amendment to eliminate nighttime interference to co-channel Canadian station CKSB, Boniface, MB.¹ As of today, we have not received the requested information.

Accordingly, the application IS HEREBY DISMISSED as unacceptable for filing. This action is taken pursuant to Section 0.283 of the Commission's Rules.²

Sincerely,

Son Nguyen
Supervisory Engineer
Audio Division
Media Bureau

cc: Mark A. Mueller

¹ In the April 6, 2010, notification, Canada had objected to the KLOH proposal for the above reason.

² In the Public Notice entitled "Commission States Future Policy on Incomplete and Patently Defective AM and FM Construction Permit Applications", FCC 84-366, released August 2, 1984, the Commission indicated that it would reinstate applications nunc pro tunc where the original application was returned and where a relatively minor curative amendment was filed in conjunction with a petition for reconsideration within 30 days of the date of the dismissal. Any amendment filed later than 30 days will be returned as untimely. See 47 U.S.C. § 405, 47 CFR § 1.106(f). In this regard, it should be emphasized that the above deficiencies were discerned after a preliminary study of the application. A detailed review was not made of the entire application to determine whether other deficiencies exist which would preclude acceptance for filing or result in a subsequent dismissal. Inasmuch as the applicant will not be afforded a second opportunity to correct another deficiency, the applicant is encouraged to carefully review the entire application.
